Regarding the satisfaction of the minimum curricular requirements, a maximum tolerance range of 10% will be applied (maximum of 6 credits). This tolerance can be applied equally to one of the above-mentioned SSD groups or to several groups, except those regarding English, whose credit requirement must be met.

#### 5. CRITERIA FOR THE SELECTION AND ADMISSION OF COMMUNITY AND NON-COMMUNITY STUDENTS LEGALLY RESIDING IN ITALY

##### 5.1 Selection and admission criteria

Community and non-community candidates legally residing in Italy (also see section 2, COURSE OFFERINGS) will be admitted up to the number of allotted places and after having been declared eligible based on:

- a) the points awarded based on the evaluation of the student's academic curriculum in accordance with the criteria in section 5.3;
- b) the result of an eventual interview (based on the procedure presented in section 5.4).

## 5.2. Presentation of the request for evaluation of the curriculum

All candidates must request online the evaluation of their academic curriculum from **March 15 to June 15, 2018, by** and no later than 12 o'clock. To do so it is necessary:

a) to access the following link: <https://studentonline.unipv.it/AddressBook/ABStartProcessoRegAction.do> and REGISTER; using the Username and Password obtained upon registering to log in to the Reserve Area, the student must then click on "SEGRETERIA" in the menu and then "TEST DI AMMISSIONE". **Students who are already registered need only log in using their credentials and procede to registering for the curriculum evaluation process.**

b) to upload and attach the following documents:

- "Student Curriculum", filled in and SIGNED (see Attachment B, p. 13, of the present notice);
- For candidates enrolled in/graduated from Italian universities: self-certification listing the exams taken and relative SSD, number of credits and mark. The final degree mark is not taken into account for the determination of eligibility; instead, the weighted average of the exams (see the table below) will be taken into consideration. It is recommended students use the self-certification form available in the online reserve area of their previous university.

For candidates enrolled in/graduated from other universities: certificate issued by their university attesting to enrolment in or the awarding of a degree in a degree programme taught entirely in English; the document should list the exams, number of credits, and marks.

- any internationally recognized English language certifications (see page 2, point 4 for a list of the valid certifications) that certify a minimum B2 level;
- any GMAT certification, including the score obtained.

c) the filled in MIBE questionnaire

When all the required data has been inserted for the evaluation request, the candidate must print out the MAV (payment form) for the amount of € 35 for "Expenses for evaluation of degrees – Second-cycle degree in International Business and Entrepreneurship".

### Procedure for MAV payment

The MAV can be paid at any bank without any commission. Payment can also be made through home banking or with a credit card using the PAGO PA function accessible during the enrolment procedure for the programme. Once payment has been made, the University of Pavia will receive the payment from the bank after at most 7/8 business days.

**No other payment methods will be accepted, except those allowed for candidates residing abroad. The latter must make payment through a bank transfer to the UNIVERSITA' DEGLI STUDI DI PAVIA – SERVIZIO TESORERIA c/o UBI - Banca Popolare Commercio e Industria IBAN IT 38 H 03111 11300 000000046566, SWIFT: BLOPIT 22776).** The expenses for the foreign bank transaction are the sole responsibility of the payer. Therefore, in the case of transfers from extra-EU countries, the box for bank expenses must contain the code "OUR", which guarantees receipt of the exact amount owed. Any expenses charged to the University will have to be reimbursed through a supplemental payment.

**PLEASE NOTE:** Given the expected large number of candidates, and having opted this year for enrolment up to the maximum number of places available (see section 6 "PROCEDURE FOR ENROLMENT"), all interested candidates should send in their request for evaluation well in advance to have a greater chance of being awarded a place.

**Any documents presented after the presentation of the request for the evaluation of degrees (for example, exams taken or listed in the study plan in the interim, language certificates earned in the interim, etc..) will NOT be considered. In calculating the bonus points, only those documents attached to the request for evaluation will be taken into account.**

### 5.3 Calculation of the points awarded for the curriculum of studies

There are two ways to determine eligibility through the evaluation process:

- presenting a GMAT certification (see section 5.4)
- the awarding of points based on the curriculum of studies, using the following conversion tables:

Average mark	Points awarded for the weighted average of exams
Over 29	30.0
28.00 – 28.99	29.5

22.00 – 22.99	16.0
21.00 – 21.99	12.0

- 5 points if the candidate is attending/has attended a Master in Digital Innovation and Entrepreneurship (MInDE <https://www.masterminde.com/>) at the University of Pavia;
- If the candidate has a GMAT certification, the following bonus points will be awarded:

Less than 200 points	1 bonus point
201-300 points	2 bonus points
301-400 points	3 bonus points
401-500 points	4.5 bonus points
<b>PLEASE NOTE:</b> A GMAT score above 500 does NOT count toward the awarding of BONUS points: see section 5.4.	

**PLEASE NOTE:** candidates must include this data at the time of applying for the evaluation of degrees by accessing the following link: <https://studentonline.unipv.it/AddressBook/ABStartProcessoRegAction.do>

Regarding three-year degrees or their equivalent from EU countries other than Italy, the committee will convert the average mark for all exams and marks with distinction into points; the student will be informed of the result after the documents presented in the application have been evaluated.

#### 5.4. Outcome of the evaluation of degrees

After the documents pertaining to the candidate's curriculum of studies have been examined and the points determined (see section 5.3), the following criteria will be applied to the outcome of the evaluation of degrees:

OUTCOME OF EVALUATION OF DEGREES	Total points for curriculum	GMAT
<b>ELIGIBILITY GRANTED</b> No further evaluation required (see point a. below)	Total points > 37	GMAT score > 600

<b>ELIGIBILITY TO BE DETERMINED</b> Through <i>possible</i> further evaluations (see point b. below)	Total points between 27 and 37	GMAT score between 500 and 600
<b>ELIGIBILITY DENIED</b> No further evaluation	Total points < 27	

a. **ELIGIBILITY GRANTED without further evaluation:** the list of students who can enrol without further evaluation will be published at the following link: <http://www.unipv.eu/site/home/articolo13110.html> . The results will be published WITHIN 20 DAYS from the presentation of the application for the evaluation of degrees. For details regarding reserving a place/enrolment, see the section entitled "**PROCEDURE FOR THE ENROLMENT OF COMMUNITY AND NON-COMMUNITY STUDENTS LEGALLY RESIDENT IN ITALY**". The list of eligible students will be updated weekly beginning on March 30.

b. **ELIGIBILITY TO BE VERIFIED through *possible* further evaluation:** the Selection Committee will carefully evaluate student curriculums and, if it decides it is appropriate, arrange an interview, which the committee can decide to do through Skype, in order to acquire additional elements for evaluation in deciding on eligibility.

The dates and site of the interview are available at the following link: <http://mibe.unipv.it/how-to-apply/application/>. At least one interview is guaranteed in April, May and June. Candidates should regularly consult the above link for any additional dates or schedule changes.

Students to be interviewed will receive an email (at the address listed in the application) with all the details (time, manner and content of the interview).

The results of the evaluation and the Skype interview (if applicable) will be available within 30 days from the presentation of the application.

c. **ELIGIBILITY DENIED** without further evaluation: results for those for whom eligibility HAS BEEN DENIED without further evaluation will be available WITHIN 20 DAYS from the presentation of the application.

**IMPORTANT:** The results of the evaluation of degrees process will be published on the following link: <http://www.unipv.eu/site/home/articolo13110.html> ; no personal information will be provided. It is up to the students themselves to obtain their individual results.

Candidates deemed not eligible may request a new evaluation only under the following two conditions:

- places are still available at the end of the selection process (July 30, 2018)
- the situation regarding a candidate's degrees or certifications has improved; that is, specific elements exist to warrant a higher point total based on the criteria in section 5.3.

An additional payment will be required for the additional evaluation, which will not entail a new interview if one has already taken place (see section 5.2 PRESENTATION OF THE APPLICATION FOR THE EVALUATION OF THE CURRICULUM)

The granting of eligibility does not immediately guarantee a place in the programme; in fact, a place in the MIBE can be considered confirmed only after the enrolment procedure (see section 6) has been fully terminated and, in any

event, on the condition that all the places have not yet been taken. For this reason, candidates are strongly urged to quickly undertake enrolment once they are deemed eligible, so that their positive evaluation does not go to waste.

## 6. PROCEDURE FOR THE ENROLMENT OF COMMUNITY AND NON-COMMUNITY STUDENTS LEGALLY RESIDENT IN ITALY

## 7. LIST OF RESERVED ENROLMENT PLACES

Students already deemed ELIGIBLE for enrolment but who cannot enrol because all places have been filled can still show their interest in being assigned a place that may become available by signing up in the LISTA DI PRENOTAZIONE (<https://sonl.unipv.it/concorsi/>). All those interested should include their personal data along with contact information; places that become available will be assigned based on the chronological order of those signing up on the list. All details about the assigning of available places and the procedure for enrolment will be provided via email to the address provided when registering for the list. Students should therefore carefully check their emails.

The list will be closed on **August 31, 2018**, at 9.30 a.m. The Student Affairs Office will send an email to all candidates in the list who have not yet enrolled. Students interested in being assigned one of the places that have become available must respond by the date indicated in the email or be considered to have withdrawn their names from consideration. The Student Affairs Office will contact those students who have confirmed their interest and enrol them based on the number of places still available and their position in the reserved list.

If the number of students in the list is not sufficient to fill all the places in the degree programme, the procedures for the evaluation of candidates academic records and subsequent enrolment will be reopened in September.
